## REPORT ON OFFICER'S DUTIES IN REGARDS TO THE PRESIDENT'S MURDER MARVIN JOHNSON - #879

Friday, November 22, 1963 at approximately 12/25 pm my partner, L. D. Montpowary, and myself stopped at Dales Cafe at Lemon and Nolkinney to est lumbh. I went in and rat down at a table. My partner went to the phone to lat our office know where we were. Approximately three minutes later be onne back and said that Lt. Velle had told him the "resident had been shot and for us to come back to the office. Ve laft the cafe immediately and returned to the office. As soon as we arrived at the office, Lt. Vells told us to go to Elm and Bouston, arriving there at about 12:50 pm. We went immediately to the 6th floor of the Texas Pook De outcomy building and reported to Captain Vill Prits. Ceptain Frits designated my partner and me to take charge of the scene where the assessin had done the chooting, to assist the crime lab and gather whatever evidence was available.

The window that the shot was fired from was open and we could hear the police radio from below. At approximately 1100 I heard a call come out reporting a shooting at 10th and Fatton Streets involving a police officer. We were not relieved of our arsignment and did not answer this call. We remained where we were and continued to help tt. Day and Dat. Studebaker of the crime lab.

Turing the course of our search we found a brown paper key which had been used for a lunch sack; a Pr. Pepper bottle and a long sack made from heavy wrapping paper. Vs numected the long key had been used to conceal the rifle that had been used in the shooting.

At approximately 2:30 pm we left the Fook Depository and transported the above mentioned items to the crime lab located at city hell. We then returned to our office, arriving at the office at approximately 3:00 pm.

I remained in the office from 3:00 pm. November 22, 1963 until 2:00 am on November 23, 1963. At 2:00 am I was dismissed from duty to go home by Captain Fritz. While in the office from 3:00 pm until 2:00 am I answered the thone and took an affidavit from Patrolman M. L. Baker. Patrolman Paker etated in his afficavit that he was riding escert on his motorcycle for the President's motorcade; that he heard the shots that killed the President and wounded Governor Connally; that he decided the shots were coming from the Texas Book Depository Building. After determining the origin of the shot a, he jumped from his motor and ren into the building. He found a man that said he was the building manager. Officer Paker and the building manager them went to a stairway and started up the stairs to search the building. On about the 4th floor Officer Baker apprehended a man that was walking away from the etairway on that floor. Officer Baker started to search the men, but the building manager stated that the man was an employee of the commany and was known to him. Officer Paker released the man and continued his search of the building. Officer Baker later identified Lee Harvey Oswald as the man he had seen on the 4th floor of the Texas Book Repository.

At 2:70 and I left city hell and went to my home. I returned to duty at 6:00 am Saturday, November 23, 1963. I remained in the office until epproximately 12:30 pm. At this time my partner, L. D. Kontgomery, and I were told by Lt. Vells to po to 610.5. Akard Street and pick up a cek driver by the name of Mill Whaley. He said this nam had bouled lee Exrwey Oswald in his cab on Friday. We went to 610 S. Akard and picked up Whaley and returned with him to City Hall. We got back to City Hell at approximately 1:30 pm. I remained in the office from them until 9:30 pm. At this time Lt. Wells relieved me and I could go home. I arrived at my home at about 10:15 pm. At 10:30 pm I received a call from Lt. Robart. Lt. Sobart stated that Sunday was my day off, and I could go aboat and take off,
